

Inspired workspaces

A photograph of a modern office hallway. The floor is covered in a dark, patterned carpet. The walls are white. On the right side, there are several office doors. Some are solid wood with vertical glass inserts, while others are full glass walls. The glass walls have a frosted lower section and a clear upper section with a logo. The ceiling has recessed square light fixtures. The overall atmosphere is clean and professional.

## Full Office Refurbishment Project

Realising their current office wasn't ideal, Conference Care got in touch with aciTM to complete the fit out works for their new office building in Hinckley.

After meeting with aci, we quickly identified the requirement for an extremely impressive office space capable of accommodating over sixty staff members, this included creating a large breakout area complete with sofas and a TV, a large boardroom complete with two feature walls, three large management offices and three large open plan areas for the different departments.

## Project Scope

- Full Space Planning and Design
- Partition Walls (Glazed and Solid)
- Doors and Glass Manifestation
- Office Furniture
- Full Air Conditioning change
- Kitchens
- Shower Room
- Board Room and Break Out Area
- Staircase Update - Metal and Glass Balustrade
- Vinyl and Carpeted Floor Coverings
- Custom Feature Walls
- Electrical Works
- CDM and Building Regulations
